

My local KLOVE station in San Francisco provides significantly to my quality of life and I feel strongly it should be allowed to remain on the air. A Christian radio station option is essential in every city and KLOVE provides the ideal means for this. If there were no KLOVE station, the local community would be without a reliable Christian alternative station. Protected in the Constitution is our freedom of worship, and this should include freedom to listen to music of worship of our choosing. thanks.
